

Thank you for taking the time to consider

**KRISTY DUGGAN PHOTOGRAPHY**

for your wedding day!

A little bit about me: I became a Proex Portrait Photographer in 1997, and eventually became a trainer for the company, teaching the "Portrait Academy", a week long course that all new photographers go through. After leaving Proex,

I mentored with several wedding photographers, assisting them over 2 years.

I have been doing weddings for 9 years on my own. I started my business in the Twin Cities and then moved to the Chisago Lakes area in 2001.

What my services entail: I allow you to keep all proofs, provide a CD of all the digital images taken in not only color but also in B&W, and offer free retouching on your finished portraits. Turn around time for both proofs and enlargements is 3 WEEKS, not months.

And I do NOT charge for mileage.

I have several assistant photographers, so I will always have a second shooter for you. Having two photographers is a big advantage because we can get two angles at the same time, be in two places at once and you will have two perspectives of your day. My photographers and I specialize in making you feel relaxed and happy on your big day, so don't worry about the little details, leave that to us!

I also give free engagement sittings with each wedding package, they are in studio and we can book that for anytime that works for you. You will get 10 4x6 proofs and a CD of each image in color, b&w and sepia, retouched and non-copyrighted.

**Package #1 \$2,100.00**

\*6 hours \*200 4x6 proofs \*(4) 8x10's, (6) 5x7's

High Resolution CD with digital files of each image in color, B&W and sepia-tone

**Package #2 \$1,475.00**

\*3 hours \*100 4x6 proofs \*(2) 8x10's, (4) 5x7's

High Resolution CD with digital files of each image in color, B&W and sepia-tone

Each additional hour is charged at a rate of \$175/hour
